Section 14835, et seq. of the California Government Code requires that a five-percent preference be given to contractors who qualify as a certified small business or microbusiness. The rules and regulations of this law, including the definition of a small business for the delivery of services, are contained in Title 2, California Code of Regulations, Section 1896, et seq. To claim the small business or microbusiness preference, your firm must have its principal place of business located in California and be certified by the Department of General Services, Office of Small Business Certification and Resources. The preference amount may not exceed \$50,000 for any bid.

Pursuant to Government Code Section 14838 and Title 2 of the California Code of Regulations, Section 1896, in order to facilitate the participation of small businesses, including microbusinesses, the preference to such businesses shall be 5% of the lowest responsible bid. If a bidder is not a certified small business, but wishes to be eligible for the 5% "non-small business" bidders preference, the bidder must subcontract at least 25% of its net bid price to one or more certified small businesses. The proposer must provide a list with its bid identifying such certified small businesses or microbusinesses (ADM 3019, **Attachment 4**). Preferences may not be awarded to a noncompliant bidder and may not be used to achieve any applicable minimum requirements.

Small business and microbusiness bidders shall have precedence over non-small business bidders in the application of any bidder preference for which non-small business bidders may be eligible.

Questions regarding the certification approval process or Small Business program should be directed to that office at (800) 559-5529 or (916) 375-4940. For the 24-Hour Recording & Mail Request call (916) 322-5060.
